MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ending October 31, 2025
Unaudited

The management team for the City of Raytown, Missouri (the City) offers our readers this narrative overview and analysis of the financial activities of the City for the fiscal year ended October 31, 2025.

Finances for this City are multifaceted and quite complex. As such, management desires for this narrative to be We hope you find these comments helpful as you read through them.

Financial Highlights

The assets and deferred outflows for the City of Raytown, Missouri (the City) exceeded its liabilities and deferred inflows at the close of the 2025 fiscal year by \$57,433,796 (net position).

The City's total net position increased \$13,765,688 from 2024 with governmental activities increased totaling \$9,898,411 and business-type activities increased totaling \$3,867,277. The change is the result of growth in capital assets.

The City's General Fund balance decreased \$808,614 to an ending fund balance of \$12,403,764 as of the fiscal year ended October 31, 2025.

The City's total long-term obligations decreased \$3,638,048 from 2024 with the governmental activities accounting for \$2,589,389 decrease, and business-type activities accounting for \$1,048,659 decrease as the City continues to reduce its long-term obligations.

Overview of the Financial Statements

This discussion and analysis is provided as an introduction to the basic financial statements. The basic financial statements consist of three components: government-wide financial statements, fund financial statements, and notes to the basic financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are a broad overview of the City's finances presented in a manner similar to that of a private business. These statements provide both long-term and short-term information about the City's overall financial status.

The statement of net position presents all City's assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position. Net position is an important measure of the City's overall financial health. The increases and decreases in net position can be monitored to determine whether the City's financial position is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flow. Thus, revenues and expenses are reported in this statement for certain items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

The government-wide financial statements report governmental activities of the City, which are principally supported by taxes and intergovernmental revenues, and business-type activities of the City, which are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities for the City include general government, parks and recreation, community development and public affairs, public safety, and public works. The business-type activities for the City include the sanitary sewerage system.

Fund financial statements. Fund financial statements focus on individual parts of the City's government. These statements report the City's operations in more detail than the government-wide financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure compliance with finance-related legal requirements. These funds are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This information may be useful in evaluating the City's near-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements, thus it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This may enable the reader to better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Proprietary funds. There are two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Internal service funds are an accounting mechanism used to accumulate and allocate costs internally among the City's various functions. The City currently does not use internal service funds.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements since the resources of those funds are not available to support the City's operations. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the basic financial statements. The notes provide additional information that is essential to obtain a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also contains certain required supplementary information that further explains and supports the information in the financial statements. This report also contains other supplementary information that provides certain combining and individual fund statements and schedules.

As indicated earlier, net position may serve as a useful indicator of the City's financial position. The City's assets and deferred outflows exceeded its liabilities and deferred inflows by \$34,477,877 for the City's governmental activities and \$22,955,909 for the City's business-type activities for a total of \$57,433,796 at the close of the 2025 fiscal year.

The largest portion of the City's net position, \$53,580,899, reflects its net investment in capital assets (e.g., land, construction in progress, buildings, improvements, machinery and equipment, and infrastructure, net of related debt). The City uses capital assets to provide services to citizens; therefore, these assets are not available for future spending.

The City currently has a deficit unrestricted net position related to governmental activities due to the economic development project on 350 Highway. In 2007, the City issued tax increment and sales tax revenue bonds in the amount of \$39,990,000 to fund certain development project costs. These bonds were refinanced in September 2019, which improved the payment amounts and shortened the repayment period. Certain debt service payments are subject to annual appropriations, but not backed by the full faith and credit of the City. This obligation has resulted in the City recording the obligation with no reportable capital asset.

Governmental Activities

Governmental activities increased the City's net position by \$9,898,411. Governmental fund revenues increased \$7,118,456 over 2024 due to spending of ARPA funded projects. The largest single revenue category for the City of Raytown remains taxes, including property, sales, and franchise taxes. This line totaled \$17,578,577 or 58% of total governmental revenue.

Governmental activities expenses increased \$2,110,721 for the fiscal year ended October 31, 2025, compared to the prior year.

Business-type Activities

The Sanitary Sewer Fund is responsible for the total business-type activities for the City. In 2025, revenues increased by \$1,840,953 due to ARPA projects. Business-type operating expenses increased \$78,947 from 2024. The expenses in these statements do not include principal and premium payments made to the sewer bonds of \$1,122,333, the change in net position with this included would result in an increase of \$2,744,944.

Financial Analysis of the City's Funds

Governmental Funds

As of the end of the 2025 fiscal year, the City's governmental funds have a combined fund balance of \$23,331,247, which represents a decrease of \$443,609 over 2024. This can largely be attributed to increased capital projects and lower rates on investments generating lower investment earnings.

General Fund

The fund balance of the General Fund decreased \$808,614 during the fiscal year compared to a \$1,228,149 increase in 2024. The General Fund unassigned ending fund balance was \$8,296,384 or 56% of current year revenues and 49% of current year expenditures and transfers out.

The General Fund revenues were \$14,805,545 compared to \$14,599,078 in 2024 which represents an increase of \$206,919 or 1.41% over 2024. The majority of the increase is related to licenses/fees and intergovernmental activity.

General Fund expenditures, including transfers out, were \$16,956,931 compared to \$14,737,963 in 2024 which represents an increase of \$2,218,968 or 15.2%. The increase was due to the police department being fully staffed throughout FY2025 and ARPA funds being transferred to funds with construction projects funded by ARPA projects.

Tax Increment Finance Fund

The TIF Fund revenues were \$1,661,243 compared to \$1,727,379 in 2024, which represents a decrease of \$66,136. The decrease was due to lower sales tax receipts from TIF sales.

The TIF Fund expenditures were \$3,208,054 compared to \$3,207,600 in 2024 which represents a stable expense trend for the TIF Bonds and Debt Service.

The ending fund balance of the Tax Increment Finance (TIF) Fund was \$4,351,499 on October 31, 2025, an increase of \$162,216 from 2024.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ending October 31, 2025

Transportation Sales Tax Fund

The Transportation Sales Tax Fund balance increased \$149,491 during the fiscal year. This is the result of lower expenses than budgeted

Other Governmental Funds (Combined)

Other Governmental funds represent multiple combined funds which include Park, Risk Management, Capital Improvements, Public Safety Sales Tax, and others. Notably, the Storm Water and Capital Sales Tax Funds were reclassified to major funds in fiscal year 2025. The major funds and other government funds are combined for reporting purposes only.

The other Governmental funds combined revenues and transfers in 2025 were \$3,971,091 compared to \$6,104,216 in 2024, which includes an increase in capital projects in the reclassified Capital Sales Tax Fund and the Storm Water Fund.

Combined expenditures and transfers out for other Governmental Funds were \$4,461,168 compared to \$5,927,596 in 2024, which represents a decrease of \$1,466,428. This represents a change within financial reporting entity, with capital sales tax fund and stormwater fund were reclassified from nonmajor to major fund.

The combined fund balance of the other governmental funds decreased by \$485,477 to an ending balance of \$3,149,778 as of October 31, 2025. This also represents a change within financial reporting entity (nonmajor to major fund).

Proprietary Funds

The City's proprietary fund statements provide the same type of information found in the government-wide statements but in more detail.

The Sanitary Sewer fund operating revenues were consistent with prior years in 2025 coming in at \$8,769,448 compared to operating revenues of \$8,328,503 in 2024. Operating expenses increased \$78,947 due to the average rise in the cost of sewer treatment of approximately 5% per year.

The net position of the Sanitary Sewer fund at the end of the year increased by \$3,867,277 to an ending balance of \$22,955,909. Of the ending net position \$16,165,033 is the City's investment in capital assets. The amount of \$517,398 is restricted for debt service and \$6,273,478 is unrestricted. The City is attempting to build an unrestricted net position to provide stability in funding for needed infrastructure and maintenance in future years.

General Fund Actual to Budget Analysis

Actual revenues and transfers - in were \$2,022,789 less than the final budget. Actual expenditures and transfers out were \$2,922,172 less than the final budget. The positive variance occurred across most departments and functions primarily related to personnel costs due to some vacancies in personnel positions as previously mentioned.

The City far exceeded City Resolution 2039-08 requiring a contingency reserve equal to 17% of the prior year expenditures. This creates an excellent cushion in the case of an unforeseen crisis.

Requests for Information

This financial report is designed to provide the reader with a general overview of the City's finances. Questions or requests for more information concerning any of the information provided in this report should be directed to Finance Director, Finance Department, City of Raytown, 10000 E 59th Street, Raytown, MO 64133.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor
and Members of the
Board of Alderman
City of Raytown, Missouri

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Raytown, Missouri (the City), as of the year ended October 31, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of October 31, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for fifteen months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Missouri Local Government Employees Retirement System, OPEB, and Budgetary Comparison Information on pages iii through ix and 52 through 63 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with managements responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Raytown, Missouri's basic financial statements. The combining and individual non-major fund financial statements and other budgetary schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and budgetary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. We have applied certain limited procedures to the supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with managements responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

CITY OF RAYTOWN, MISSOURI
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED OCTOBER 31, 2025

Net change in fund balances - total governmental funds: \$ (443,609)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. This is the amount by which capital outlays, which are over the capitalization threshold, exceeded depreciation in the current period:

Capital outlay	10,670,813
Capital outlay expensed	(302,120)
Depreciation and amortization expense	<u>(2,325,193)</u>
	8,043,500

Governmental funds report debt proceeds as current financial resources. In contrast, the Statement of Activities treats such issuance of debt as a liability. Governmental funds report repayment of debt principal as an expenditure. In contrast, the Statement of Net Position reports repayment as a reduction to long-term liabilities. This is the amount by which proceeds exceed repayments,

Repayment of principal	<u>2,417,214</u>
------------------------	------------------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:

Deferred debt refunding	16,024
Deferred court fines	(837)
Pension and OPEB expense	(442,878)

NOTES TO FINANCIAL STATEMENTS

The Notes to the Financial Statements include a summary of the accounting policies followed and information used by the City that are judged to be most appropriate for full disclosure in the preparation of the financial statements.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the City of Raytown, Missouri (the City), have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below:

Reporting Entity: The City of Raytown, Missouri, was incorporated in 1950 and covers an area of approximately ten square miles in Jackson County, Missouri. Raytown is a fourth class city and operates under the mayor/board of aldermen form of government and provides services to its residents in many areas, including law enforcement, sewer services, community enrichment and development, and various social services. Fire protection and EMS services are provided by a fire district, which is a separate government entity. The City Administrator is the chief administrative officer of the City.

The accompanying financial statements present the City's primary government and its blended component unit: the City of Raytown, Missouri Tax Increment Financing (TIF) Commission (the Commission). The Commission is governed by an eleven-member board. Six members are appointed by the City's Board of Aldermen and the remaining five members are appointed by the respective taxing districts' boards. Although the Commission is legally separate, the Commission is reported as a blended component unit because its sole function is to use TIF as a method to finance economic development through payments in lieu of taxes (PILOTs) and economic activity taxes (EATs). The Commission does not issue separate financial statements.

Government-Wide and Fund Financial Statements: The government-wide financial statements include the statement of net position and the statement of activities. Government-wide statements report information on all of the activities of the City and its component units. *Governmental activities*, which are normally supported by taxes and governmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the government's sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Government-Wide and Fund Financial Statements (Continued):

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate fund financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and the major individual enterprise fund are reported as separate columns in the respective fund financial statements. Non-major funds include other Special Revenue and Capital Projects funds. The combined amounts for these funds are reflected in a single column in the Governmental fund Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances. Detailed statements for non-major funds are presented with Combining and Individual Fund Statements and Schedules.

Measurement Focus, Basis of Accounting, and Basis of Presentation: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recognized when they occur and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the following year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recognized when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences, claims, and judgments are reported only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued):

Property taxes that are not available for current year operations are shown as deferred inflows of resources in the Governmental Funds Balance Sheet. Property taxes are levied each year on all taxable real and personal property in the City. The City's property tax is levied each September 1 on the assessed value as of the prior January 1. Property taxes are billed in total by November 1 following the levy date and considered delinquent after January 1. On January 1, a lien attaches to all property for which taxes are unpaid.

Franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Charges for sales and services (other than utility) and miscellaneous revenues are generally recorded as revenue when received in cash because they are generally not measurable until actually received.

The City reports the following major governmental funds:

The General Fund is the main operating fund. Expenditures from this fund provide basic City services, such as police protection, planning, inspection, engineering, animal control, civil defense, municipal court, and overall basic services such as finance and data processing, personnel, and general administration of the City.

Revenue sources include taxes, which include property taxes, sales taxes, franchise taxes, and cigarette taxes. Other revenues include other fees and licenses, and revenue gathered from the municipal court and investment earnings.

The Transportation Sales Tax Fund accounts for sales tax collected and other resources to be used for road and bridge projects within the City and operation and maintenance of the City's streets, curbs, etc.

The Capital Sales Tax Fund accounts for incremental property and sales taxes to be used for the maintenance and construction of capital projects.

The TIF Fund accounts for taxes collected and expended for operations of the City's tax increment financing plans.

The Storm Water Fund accounts for voter approved sales tax for maintenance and improvements for City storm water.

The City reports the following non-major governmental funds:

The Park Fund accounts for property taxes levied for health-related programs.

The Public Safety Sales Tax Fund accounts for the voter-approved sales tax for the public safety.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued):

The Risk Management Fund accounts for insurance and related expenses not directly attributable to any one department or fund.

The Capital Improvements Fund accounts for the revenues and expenditures paid for maintaining and improving the City's streets and storm sewer system. The ongoing revenue and expenditures are for the Ditzler CID.

Proprietary fund financial statements are used to account for activities, which are similar to those found in the private-sector. The measurement focus is upon determination of net income, financial position, and cash flows. The City reports the following major proprietary fund:

The Sewer Utility Fund accounts for the provision of sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing, billing, collection, and related debt service.

On the proprietary fund financial statements, operating revenues are those that flow directly from the operations of the activity, i.e., charges to customers or users who purchase or use the goods or services of that activity. Operating expenses are those that are incurred to provide those goods or services. Non-operating revenues and expenses are items such as investment income and interest expense that are not a result of the direct operations of the activity.

Fiduciary fund financial statements are custodial in nature and are merely clearing accounts for assets held by the City as an agent for individuals, private organization, or other governments. Fiduciary funds are excluded from government-wide financial statements.

The Police Pension Trust Fund accounts for the activity of the Policeman's Frozen Retirement Plan.

Agency Funds:

The Raytown Highway 350 Transportation Development District (TDD) Fund accounts for taxes collected on behalf of the TDD.

The Ditzler CID Fund accounts for taxes collected on behalf of the CID.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Budgets: The reported budgetary data represents the final approved budget after amendments as adopted by the Board of Alderman. Annual operating budgets are adopted for the General Fund, Special Revenue Funds, Capital Projects Funds, and Proprietary Funds. Missouri law requires budgets to be adopted for all governmental funds. The City prepares its budgets on the modified accrual basis of accounting for its governmental funds and the accrual basis for its proprietary funds. The Board of Alderman has amended the budget at various times during the year and has performed the following procedures in establishing the City's budget:

- (1) Prior to September 30, the City Administrator submits to the Board of Alderman a proposed operating budget for the fiscal year commencing the following November 1. The operating budget includes proposed expenditures and the means of financing them.
- (2) Public hearings are conducted to obtain taxpayer comments.
- (3) Prior to November 1, the budget is legally enacted through the passage of an ordinance.
- (4) The City Administrator is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund greater than \$20,000 for non-budgeted purchases and \$30,000 for budgeted purposes must be approved by the Board of Alderman. This constitutes the City's legal level of budgetary control.
- (5) Appropriations lapse at year-end, but may be reappropriated in the following fiscal year.

Net Position - Government-Wide Statements: Net Position is displayed in three components:

- (1) Net investment in capital assets component of net position: Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- (2) Restricted component of net position: Consists of restricted assets, reduced by liabilities and deferred inflows of resources related to those assets, with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- (3) Unrestricted component of net position: Consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of "net investment in capital assets" or the "restricted" component of net position.

It is the City's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Fund Equity: In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted fund balance - This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the Board of Alderman—the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Board of Alderman removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance - This classification reflects the amounts constrained by the City's "intent" to be used for specific purposes, but are neither restricted nor committed. The Board of Alderman and the City Administrator have the authority to assign amounts to be used for specific purposes. Assigned fund balance include all remaining amounts (except negative balances) that are reported in the governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance - This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City's policy to use externally restricted resources first, then unrestricted resources—committed, assigned, and unassigned—in order as needed.

The City has a stabilization policy established by ordinance of 17% of last year's audited expenditures as an emergency reserve. Park, Transportation Sales Tax, Capital Sales Tax, and Public Safety Sales Tax Funds have a 5% projected revenue reserve. These reserves may only be appropriated by Board action.

Interfund Receivables and Payables: Transactions between funds that are representative of cash overdrafts from pooled cash and investing are reported as interfund receivables or payables.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Pooled Cash, Investments, and Restricted Assets: State statutes authorize the City to invest in banking institutions and obligations of municipalities, repurchase agreements, U.S. government agency obligations, and obligations of the U.S. Treasury. Cash resources of the individual governmental fund types are combined to form a pool of cash and investments. At October 31, 2025, the City's cash was deposited in demand accounts, CDs, and money markets. Investments with maturities of less than one year are stated at cost, which approximates fair value. All investments are stated at cost, which approximates fair value. Interest income on pooled cash and investments is allocated based upon each fund's respective average cash balance.

Certain proceeds of federal grants are classified as restricted assets on the balance sheet because their use is limited by applicable grant agreements. Assets are also restricted for debt service reserve requirements.

Statement of Cash Flows: A statement of cash flows has been presented in accordance with GASB Statement 9 for the Proprietary Fund. For purposes of the statement of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

Interfund Activity: During the course of normal operations, the City has transactions between funds, including expenditures and transfers of resources to provide services and construct assets. Legally authorized transfers are treated as transfers and are included in the results of operations of both Governmental and Proprietary Funds.

Inventory: Inventory, which consists principally of maintenance supplies and gasoline, is valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund inventories are recorded as expenditures when purchased.

Compensated Absences: Accumulated vacation and sick leave, that is expected to be liquidated with expendable available financial resources, is reported as an expenditure and a fund liability of the governmental fund that will pay it. Accumulated vacation and sick leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

Unearned Revenues: Governmental funds report deferred inflows when resources are received by the City before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met, or when government has a legal claim to the resources, revenue is recognized. Proprietary funds report unearned revenues when resources are received by the City before services are provided. In subsequent periods after services have been provided revenue is recognized.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Capital Assets: Capital assets, which include land, buildings and improvements, equipment, and infrastructure assets (e.g., roads and bridges), are reported in the applicable government or business-type activities columns in the government-wide statements. Capital assets are defined as assets with a cost of \$5,000 to \$100,000 depending on asset class and expected useful lives in excess of one year. Capital assets are recorded at historical cost if purchased or constructed, or at estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

All reported capital assets except land and CIP are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following estimated lives: Buildings and improvements 25 - 40 years, office equipment and furniture 7 - 10 years, computer equipment 3 - 5 years, infrastructure 20 - 75 years, vehicles and equipment 5 - 15 years.

Deferred Outflows/Inflows of Resources: In addition to assets, the statement of net position will sometimes report a separate element for deferred outflows of resources. This separate financial statement element represents a consumption of net asset that applies to a future period(s) and will not be recognized as an outflow of resources, or expenses/expenditures, until then. The City reports deferred charge on refunding, pension/other post-employment benefit contributions made after the measurement date, pension changes in assumptions, pension net differences between projected and actual investment earnings and pension differences between expected and actual experience as deferred outflows of resources.

In addition to liabilities, the statement of net position will sometimes report a separate element for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and will not be recognized as an inflow of resources, or revenues, until that time. The City reports debt refunding, ARPA, wellness credit, leases, pension/OPEB differences between expected and actual experience, the net difference between projected and actual earnings, and changes of assumptions.

Other Post-Employment Benefits (OPEB): The fiduciary net position of the plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes the purpose of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about assets, liabilities and additions to/deductions from the City's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a "pay as you go" plan.

Long-Term Obligations: Long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

CITY OF RAYTOWN, MISSOURI

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Encumbrances: Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of the formal budgetary control. Encumbrances outstanding at year-end, if any, are reported as reservations of fund balance for subsequent year expenditures. When expenditures are incurred in subsequent years relating to amounts previously encumbered, such amounts are, if material, reappropriated in the year expended.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Leases: The City is a lessor for 2 lease agreements. A lease receivable and a deferred inflow of resources is recognized at the commencement of the lease term. The lease receivable is measured at the present value of the lease payments expected to be received during the lease term. The deferred inflows of resources should be measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relates to future periods.

The City uses the estimated incremental borrowing rate to calculate the present value of lease payments when the rate implicit in the lease is not known. The City includes lease extension and termination options in the lease term, if after considering relevant economic factors, it is reasonably certain the City or lessee will exercise the option. The City has elected to combine lease and non-lease components for all lease contracts and also has not recognized RTU assets and lease liabilities for lease terms for 12 months or less.

Receivables: Accounts receivable for sewer service is accounted for in the Sewer Fund and include billed amounts as well as an accrual for the earned but unbilled services from the previous billing date through October 31, 2025. Receivables in the General Fund represent charges for services, taxes, intergovernmental and loans. All receivables are stated net of allowances for uncollectible accounts.

Credit Risk:

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Standard & Poor's and Moody's. Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer.

Missouri State Statutes authorize the City, with certain restrictions, to deposit funds in open accounts, time deposits, and certificates of deposit. Statutes also require that collateral pledged have a fair market value equal to 100% of the funds on deposit, less insured amounts. Collateral securities must be held by the City or a disinterested third party and must be of the kind prescribed by statutes and approved by the State. The City may purchase any investments allowed by the State Treasurer. These include (a) obligations of the United States government or any agency or instrumentality thereof maturing and becoming payable not more than three years from the date of purchase, or (b) repurchase agreements maturing and becoming payable within 90 days secured by U.S. Treasury obligations or obligations of U.S. government agencies or instrumentalities of any maturity, as provided by law.

The City's general credit risk policy is to apply the prudent person rule: Investments shall be made with the exercise of that judgment and care, under circumstances then prevailing, which individuals of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived.

Interest Rate Risk:

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City does not have a formal policy for interest rate risk. However, the City does manage its exposure to fair value loss arising from interest rate changes on internally invested funds by reviewing the portfolio on an ongoing basis for changes in effective yield amounts. The City has elected to use the segmented time distribution method of disclosure for its interest rate risk.

Custodial Credit Risk:

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk of investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City's policy is to collateralize demand deposits with securities held by the financial institution's agent and in the City's name.

3. RECEIVABLES:

As a result of providing sanitation services to its citizens, the City has extended credit to them. Accounts receivable are presented net of allowance for doubtful accounts of \$158,658 for the Sewer Utility Fund.

The City has entered into a development agreement with Gregory Square Partners, LLC and the Ditzler Community Improvement District (CID). Under the agreement, the City provided funding totaling \$850,000 to be used to finance a portion of the development cost of the project and development of certain real property located at the intersection of Gregory Boulevard and Ditzler Avenue. Under the terms of the agreement, the City is scheduled to be reimbursed for the \$850,000 in funding over a period not to exceed 20 years, including interest at 6.5%, from CID sales taxes generated from taxable sales within the CID district. The outstanding balance under the agreement is \$97,054 as of October 31, 2025.

5. DEFINED PENSION PLAN:

Plan description: The City's defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The City participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits provided: LAGERS provides retirement, death, and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

	2025 Valuation
Benefit Multiplier:	1.75%
Final Average Salary:	5 years
Member Contributions:	4%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees covered by benefit terms: At June 30, 2025, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	75
Inactive employees entitled to but not yet receiving benefits	128
Active employees	107

5. DEFINED PENSION PLAN (Continued):

Contributions: The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% to the pension plan. Employer contribution rates are 14.6% General and 10.3% Police of annual covered payroll.

Net Pension Liability: The employer’s net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2025.

Actuarial Assumptions: The total pension liability in the February 28, 2025, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75% wage inflation; 2.25% price inflation
Salary Increase	2.75% to 6.75% including wage inflation
Investment rate of return	7.0%, net of investment expenses

Mortality rates were based on the PubG-2010, PubNS-2010, and PubBS-2010 mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2010.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity	39.00%	2.67%
Fixed Income	28.00%	2.75%
Real Assets	33.00%	2.86%

CITY OF RAYTOWN, MISSOURI

5. DEFINED PENSION PLAN (Continued):

Discount rate: The discount rate used to measure the total pension liability is 7.00%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

6. POLICE OFFICERS' RETIREMENT PLAN (FROZEN):

General information about the plan

Plan description: Commissioned officers of the Police Department hired before December 31, 2013 are members of the Police Officers' Retirement Fund Pension Plan. The plan is a single-employer plan administered by the City. Benefit Trust Company Inc. acts as the investment advisor and custodian for the plan. The financial statements of this plan are included in the Pension Trust Fund in the accompanying basic financial statements of the City.

The plan was amended and restated effective December 31, 2013. Under the amendment and restated plan, benefits were frozen as of December 31, 2013, no new participants are allowed to enter the plan, and all active participants as of December 31, 2013 are 100% vested. The plan does not issue a separate financial statement.

Benefits provided: The Plan provides retirement, disability and death benefits to plan members and beneficiaries. Officers who retire at age 55 with 20 or more years of service are entitled to an allowance for life based on the benefit program information provided below.

2024 Valuation	
Benefit Multiplier:	2.5% up to 20 years, plus 1% times the next 10 years
Final Average Salary:	5 highest calendar years of compensation out of last 10 years
Member Contributions:	0%

Employees covered by benefit terms: At January 1, 2025, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	45
Inactive employees entitled to but not yet receiving benefits	24
Active employees	12
	81

Contributions: The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan.

NOTES TO FINANCIAL STATEMENTS

6. POLICE OFFICERS' RETIREMENT PLAN (FROZEN) (Continued):

Net Pension Liability: The employer's net pension liability was measured as of January 1, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2025.

Actuarial Assumptions: The total pension liability in the January 1, 2025, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Salary Increase	4.0% (plan is frozen, scale is for death benefits only)
Investment rate of return	7.0% (net of investment fees, 2.5% inflation component)

Mortality rates were based on the Public Safety 2010 tables for employees and annuitants projected with generational improvements using scale MP-2024 (adjusted MP-2021).

The actuarial assumptions used in the January 1, 2025 valuation were based on past experience of the plan.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Equity	65.00%	8.50%
Fixed Income	35.00%	4.25%

Discount rate: The discount rate used to measure the total pension liability is 7.0%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

8. LONG-TERM DEBT (Continued):

The compensated absences liability attributable to governmental activities will be liquidated primarily by the General Fund. The liability for compensated absences has been calculated using the vesting method, which leaves amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

8. LONG-TERM DEBT (Continued):

Bond Reserve Accounts:

Rates and fees established and charged were sufficient to satisfy bond covenant responsibilities for the sewer fund for the year ended October 31, 2025.

The Missouri State Constitution permits a city, by a vote of either two-thirds or four-sevenths of the voting electorate, depending on the date of the election, to incur general obligation indebtedness for "city purposes" not to exceed 10% of the assessed value of taxable tangible property and to incur additional general obligation indebtedness not to exceed, in the aggregate, an additional 10% of the assessed value of taxable tangible property, for the purpose of acquiring rights-of-way, construction, extending and improving streets and avenues, and/or sanitary or storm sewer systems, and purchasing or constructing waterworks, electric, or other light plants, provided the total general obligation indebtedness does not exceed 20% of the assessed valuation of taxable property.

9. LEASES:

The City has entered into two agreements to lease tower space. The lease agreements expire in 2041 and 2046, assuming that all renewal options are exercised by the lessees. During 2025, the City received \$36,005 in lease revenue which represents the total amount of inflows of resources recognized in the reporting period from leases.

The following represents the future minimum lease revenue due for governmental activities under the lease arrangements as of October 31:

11. LEGAL MATTERS:

There are a number of claims or lawsuits to which the City is, or may be, a party as a result of certain law enforcement activities, injuries and various other matters and complaints arising in the ordinary course of activities. The City's management and legal counsel believe that the potential claims against the City not covered by insurance, if any, resulting from such matters, would not materially affect the financial position of the City.

12. PLEDGED REVENUES:

The City, other taxing districts and governmental entities have pledged a portion of future incremental property tax and sales tax revenues (TIF revenues) to repay the tax increment and sales tax revenue bonds described above. TIF revenues were projected to produce sufficient funds to meet debt service requirements over the life of the bonds. Should the normal TIF revenues (50% of incremental activity taxes) including those of other taxing districts and governmental entities not be sufficient to meet the required debt service obligations, the City, subject to annual appropriation, further covenants to appropriate the City's remaining 50% portion (effectively 100%) of the economic activity taxes generated by the project and other legally available funds of the City in an amount equal to the principal and interest of the bonds due in the next fiscal year. Incremental taxes are pledged to make payments on these obligations for a period not to exceed 23 years.

For the current year, the City made debt service payments on the tax increment and sales tax revenue bonds totaling \$2,923,461. The incremental tax revenues generated by the 350 Highway TIF plan began in October 2009. For the year ended October 31, 2025, the City's incremental tax revenues totaled \$1,577,244. The remaining funds necessary to meet the current year debt service requirements were derived from incremental activity tax revenues from other taxing districts and governmental entities, and interest income totaling \$1,346,217.

NOTES TO FINANCIAL STATEMENTS

12. PLEDGED REVENUES (Continued):

The City has entered into a developer agreement whereby the developer financed project costs that have been certified by the City as eligible to be reimbursed related to Phase 2 of the 350 Highway TIF Project. These obligations are to be paid from Phase 2 Economic Activity Taxes (EATs) revenues in excess of 125% of the debt service payments of the related tax increment and sales tax revenue bonds. For the current year, debt service on the obligation totaled \$278,915 in principal payments. The remaining balance as of October 31, 2025 is \$25,872.

13. TAX REVENUES:

Tax revenues, including interest and penalties collected thereon, for the year ended October 31, 2025, are as follows:

15. RISK MANAGEMENT:

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; workers' compensation, and natural disasters for which the City carries commercial insurance. There have been no significant reductions in insurance coverage from the prior year and no significant losses in the past three fiscal years.

16. COMMITMENTS AND CONTINGENCIES:

Construction commitments at October 31, 2025 consisted of \$4,315,602 spread across several projects and funds.

17. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS:

General information about the OPEB plan

Plan Description: The City provides for a continuation of medical, pharmacy, dental and vision insurance benefits to eligible early retirees and their spouses. The plan is administered by Midwest Public Risk (MPR) and is an agent multiple-employer plan. No separate financial report is issued for the plan.

Benefits Provided: Retirees and their spouses may obtain Medical coverage until Medicare eligibility by paying required premium rates. Upon retiree death or attainment of age 65, spouses may continue COBRA coverage for up to three years. The required premium rates are based to some degree on combined active and retiree experience so retirees are not charged the full age-based projected cost.

Funding Policy: The City requires the retirees to pay 125% of the premiums charged to active employees. Retirees and spouses have the same benefits as active employees. Effective July 1, 2018, retirees are charged 135% of plan premiums. However, all retiree coverage terminates upon Medicare entitlement or if payment is not received on a timely basis. The City contributed \$7,000 to the plan during fiscal year 2025.

At July 1, 2023, the following employees were covered by the benefit terms:

Active employees	101
Retires and covered spouses	<u>1</u>
	<u>102</u>

Net OPEB Liability: The employer's net OPEB liability of \$223,230 was measured as of October 31, 2025, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2023.

Valuation date 2/28/2025

Notes The roll-forward of total pension liability from February 28, 2025, to June 30, 2025, reflects expected service cost and interest reduced by actual benefit payments.

Methods and assumption used to determine contribution rates :

- Actuarial cost method Entry age normal and modified terminal funding
- Amortization method A level percentage of payroll amortization method is used to amortize the UAAAL over a closed period of years.
- Remaining amortization period Multiple bases from 5 to 15 years
- Asset valuation method 5 year smoothed market, 20% corridor
- Inflation 2.75% wage inflation; 2.25% price inflation
- Salary increases 7.0%, net of investment expenses
- Investment rate of return Experience-based table of rate that are specific to the type of eligibility condition
- Retirement age The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG-2010 Retiree Mortality Table for males and females. The disabled retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubMS-2010 Disabled Retiree Mortality Table for males and females. The pre-retirement mortality tables used were 75% of the PubG-2010 Employee Mortality Table for males and females of General groups and 75% of the PubS-2010 Employee Mortality Tables for males and females of Police, Fire and Public Safety groups.
- Mortality Mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scale to the above described tables.

SUBJECT/REQUEST

R-3810-26: Special Sales Tax Review Committee Ward 5 Representative Appointment of Wendy McDermott

BACKGROUND/JUSTIFICATION

The Special Sales Tax Review Committee was originally established in 2002 to provide guidance and oversight on how money from the Transportation Sales Tax, Capital Improvement Sales Tax and Public Safety Sales Taxes approved by the voters is spent. In doing so, the Committee is required to meet at least once each quarter to monitor the plan.

The Committee is comprised of one citizen member from each of the five Wards selected by mutual agreement of the Aldermen elected to represent the Ward and the appointment of two additional citizen members by the Mayor. If the two Aldermen representing that Ward cannot agree on a citizen member, then each of the two Aldermen nominate a citizen member and the Board of Aldermen select the committee member by majority vote.

There is currently a vacancy on the Committee from Ward 5 and the Aldermen from Ward 5 have reached a consensus and recommend Wendy McDermott be appointed to fill the vacant position with a term expiring November 1, 2027 or until a successor is appointed.

To be qualified for appointment a citizen must meet the following criteria:

1. current resident
2. at least 21 years of age
3. citizen of US
4. resident of the City for at least one year prior to appointment.

A RESOLUTION AUTHORIZING AND APPROVING THE APPOINTMENT OF WENDY MCDERMOTT AS THE WARD 5 REPRESENTATIVE TO THE SPECIAL SALES TAX REVIEW COMMITTEE

WHEREAS, Resolution 1312-02 provides for appointment of a Special Sales Tax Review Committee; and

WHEREAS, such Special Sales Tax Review Committee is comprised of one citizen from each of the five Wards appointed by the Aldermen who represent that Ward and two citizens appointed at-large by the Mayor; and

WHEREAS, in the event the Aldermen representing the Ward are unable to agree on an individual to appoint to the Committee, each Alderman nominates a representative to serve on the Committee and the representative for the Ward is selected by a vote of the Board of Aldermen; and

WHEREAS, a vacancy exists in Ward 5 on the Special Sales Tax Review Committee and the Aldermen from Ward 5 recommend the appointment of Wendy McDermott to be the Ward 5 representative to the Special Sales Tax Review Committee.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF RAYTOWN, MISSOURI, AS FOLLOWS:

THAT Wendy McDermott, 8616 Ridgeway Court, Raytown, MO is hereby appointed as the Ward 5 member of the Special Sales Tax Review Committee, to fill the remainder of an unexpired term ending November 1, 2027, or until a successor is duly appointed.

FURTHER THAT this resolution shall be in full force and effect from and after the date of its passage and approval.

PASSED AND ADOPTED by the Board of Aldermen and **APPROVED** by the Mayor of the City of Raytown, Missouri, the 2nd day of June, 2026.

DEPARTMENT: Community Development

Document Type: Ordinance

SUBJECT/REQUEST

FIRST READING: Bill No. 6710-26, Section XIII: Text Amendment for Accessory Residential Use

BACKGROUND/JUSTIFICATION

Staff proposes to establish a new land use, titled, "*Accessory Residential Use*," to allow for and regulate residential uses as an accessory in certain commercial zoning districts. Staff proposes to add the definition to Section 50-4 as follows:

Accessory Residential Use, means a residential use that is subordinate to the primary commercial use. Accessory Residential Uses are typically located on the non-street levels of a commercial structure or located in the non-public facing yard areas.

Staff proposes to include "*Accessory Residential Use*" in the Land Use Table, outlined in Section 50-107 on the City of Raytown Municipal Code, with the approval of a Conditional Use Permit in the following zoning district:

NC, Neighborhood Commercial

Staff proposes to include "*Accessory Residential Use*" in the Land Use Table, outlined in Section 50-107 on the City of Raytown Municipal Code, permitted by right in the following zoning district:

- TS, Town Square Overlay District

Staff Recommends that the following standing Condition of approval be placed on all establishments used for "*Accessory Residential Use*":

- a. Each residential unit shall have a minimum habitable floor area, excluding basements, open and screened porches and garages, of not less than 700 square feet for each multi-household dwelling unit.
- b. Must conform to all building and fire code requirements for dwelling units.
- c. If permitted in the NC, Neighborhood Commercial Zoning District, the total square footage of the building used for residential purposes must be less than the total square footage used for commercial purposes.

Property Location: Citywide

Request: Chapter 50, Article 4, of the Raytown Municipal Code to establish and regulate the use of "*Accessory Residential Use*" in certain commercial zoning districts.

BACKGROUND INFORMATION:

Staff proposes to establish a new land use, titled, "*Accessory Residential Use*," to allow for and regulate residential uses as an accessory in certain commercial zoning districts. Staff proposes to add the definition to Section 50-4 as follows:

Accessory Residential Use, means a residential use that is subordinate to the primary commercial use. Accessory Residential Uses are typically located on the non-street levels of a commercial structure or located in the non-public facing yard areas.

Staff proposes to include "*Accessory Residential Use*" in the Land Use Table, outlined in Section 50-107 on the City of Raytown Municipal Code, with the approval of a Conditional Use Permit in the following zoning district:

- NC, Neighborhood Commercial

Staff proposes to include "*Accessory Residential Use*" in the Land Use Table, outlined in Section 50-107 on the City of Raytown Municipal Code, permitted by right in the following zoning district:

- TS, Town Square Overlay District

Staff Recommends that the following standing Condition of approval be placed on all establishments used for “*Accessory Residential Use*”:

- a. Each residential unit shall have a minimum habitable floor area, excluding basements, open and screened porches and garages, of not less than 700 square feet for each multi-household dwelling unit.
- b. Must conform to all building and fire code requirements for dwelling units.
- c. If permitted in the NC, Neighborhood Commercial Zoning District, the total square footage of the building used for residential purposes must be less than the total square footage used for commercial purposes.

Proposed Updates to the Land Use Table:

SUBJECT/REQUEST

FIRST READING: Bill No. 6711-26, Section XIII: Conditional Use Permit Application for 6204 Arlington Ave

BACKGROUND/JUSTIFICATION

The prospective landowners and applicants, representatives of the Paul Chaney Foundation, are seeking the approval of a Conditional Use Permit to operate an animal rescue, boarding, grooming, and dog training facility at 6204 Arlington Ave. They intend to partner with KC Paws, a local organization. In addition, they are requesting to utilize the two (2) existing second-story apartment units for residential living for staff members. The City of Raytown Board of Aldermen are considering a text amendment application to allow for "*Animal Care, General,*" in the NC, Neighborhood Commercial Zoning District with the approval of a Conditional Use Permit. Approval of this Conditional Use Permit application for animal care will be contingent upon approval and adoption of this text code amendment.

"*Accessory Residential Use,*" is not currently permitted in the NC, Neighborhood Commercial Zoning District, however, this application is running concurrently with a text amendment proposal to allow for such uses in this zoning district with the approval of a Conditional Use Permit. Approval of the residential use will be contingent upon the Board of Aldermen's approval of the text amendment to modify the zoning code.

Staff has received several letters of support for the application, which are included as an attachment to this report.

June 16, 2026

Applicant: The Paul Chaney Memorial Foundation

Location: 6204 Arlington Ave.

Ward: 1

Property Owner: Monopoly Acquisitions LLC.

Project Summary: The applicant is requesting a Conditional Use Permit for the purpose of operating an “Animal Care, General,” facility at 6204 Arlington Ave with “Accessory Residential Use”.

Staff Recommendation: Staff recommends **Approval with Conditions** of the Conditional Use Permit Application. Conditions are outlined below.

Background Information: The perspective landowners and applicants, representatives of the Paul Chaney Foundation, are seeking the approval of a Conditional Use Permit to operate an animal rescue, boarding, grooming, and dog training facility at 6204 Arlington Ave. They intend to partner with KC Paws, a local organization. In addition, they are requesting to utilize the two (2) existing second-story apartment units for residential living for staff members. Neighborhood Meeting: The applicant held a neighborhood meeting on **April 16, 2026**. No one other than the applicants attended this meeting.

Adjacent Properties:

	Zoning:	Current Land Use:
North:	NC, Neighborhood Commercial	Single Family Homes
South:	NC, Neighborhood Commercial	Commercial Businesses
East:	NC, Neighborhood Commercial	Raytown Equestrian Park
West:	NC, Neighborhood Commercial	Retail Shopping Center – Center 63

Street Classification: Arlington Ave. is classified as a Local Street.

Vehicular and Pedestrian Access: The site is already developed. Vehicle access is provided via Arlington Ave. No pedestrian sidewalk is required at this time.

Conditional Use Permit Factors to Be Considered:

1. The stability and integrity of the various zoning districts.

The property has historically been used as an animal care facility. In addition, it is adjacent to the Raytown Equestrian Park. The proposed use aligns with the zoning district regulations.

2. The conservation of property values.

As mentioned above, this property has historically been used as an animal care facility and is adjacent to an equestrian center for horses. The building is currently vacant,

which has a negative impact on property values. Approval of this application will allow for the building to be occupied and could create a great asset to the community.

3. Protection against fire casualties.

The site has been constructed and designed to comply with the fire code.

4. Observation of general police regulations.

Approval of this application will not be in opposition to any police regulations.

5. Prevention of traffic congestion.

Any business will bring vehicular traffic to the area, however this business is not expected to generate more traffic than the street network has been designed to accommodate.

6. Promotion of traffic safety and the orderly parking of motor vehicles.

It is not expected that approval of the application will create traffic safety issues. Parking stalls are designated and clearly striped.

7. Promotion of the safety of individuals and property.

If operated correctly, the proposed animal care facility will be safe for individuals and property.

8. Provisions for adequate light and air.

The site is already developed and has adequate light and air.

9. Prevention of overcrowding and excessive intensity of land uses.

The site will not be overcrowded, so long as there are no more vehicles in the lot than the striped and designated parking spaces allow. Vehicles may not be parked anywhere other than the designated parking spaces.

10. Provision for public utilities and schools.

Public utilities to serve the proposed business already exist and will not affect the schools.

11. Invasion by inappropriate uses.

The proposed application is consistent with the way the property has been used in the past. Approval of the application is not an invasion of inappropriate use but rather has the potential to be a great community asset.

12. Value, type and character of existing or authorized improvements and land uses.

Approval of the Conditional Use Permit will add value to the property, which is currently vacant.

13. Encouragement of improvements and land uses in keeping with overall planning.

The Future Land Use Map of the newly adopted Comprehensive Plan, Raytown on the Rise, 2040, designates this property as "*Community Commercial*." The proposed use conforms to the commercial designation of the Future Land Use Map.

14. Provision for orderly and proper renewal, development, and growth.

As stated above, the proposed use conforms with the Future Land Use Map adopted with the new Comprehensive Plan, which designates the property as "*Community Commercial*." Approval of the application for use as an animal rescue, boarding, grooming, and dog training facility will be an asset to the community.

Subject: RE: KC Paws

I am writing today as the Director of Raytown Animal Services to express my strong support for KC PAWS (Protective Animal Welfare Society) joining our community. I believe their presence would be a significant asset to both our local pet owners and a vital partner for our Animal Services department.

KC PAWS has proactively reached out to discuss how they can support our city by:

Expanding Placement: Assisting in finding forever homes for Raytown shelter pets.

Community Services: Providing much-needed professional boarding and grooming services to residents.

Specialized Medical Care: Leveraging their long history of rehabilitating dogs rescued from cruelty and neglect.

Our community has recently seen an uptick in neglect cases. Having a group like KC PAWS—which is uniquely well-versed in the intensive medical and behavioral care required after a removal—would provide a critical support system right here in Raytown.

I welcome this partnership, which promises to enhance our animal welfare capabilities and provide valuable services to our citizens.

Sincerely,

Jennifer McWhirt

Re: Zoning Approval / Conditional Use Permit – KC PAWS (6204 Arlington Ave, Raytown, MO)

To Whom It May Concern,

I am writing on behalf of KC PAWS (Kansas City Protective Animal Welfare Society) to respectfully request approval for zoning and conditional use at 6204 Arlington Avenue in Raytown.

This property is uniquely well-suited for our intended use, as it was previously operated as a dog rescue facility. The building is already designed and structured to safely house and care for dogs, making the continuation of its use as an animal welfare facility both appropriate and the most logical use of the space. This transition represents a continuation of an established use rather than the introduction of a new or disruptive operation.

Since our founding in 2007, KC PAWS has been a pillar of the Kansas City rescue community. For nearly two decades, we have provided critical support for homeless, neglected, and abused animals—often taking in the most urgent and complex cases. Our work not only saves lives but also reduces strain on municipal shelters and animal control systems, helping cities manage growing animal welfare challenges more effectively.

Our expansion into Raytown represents a meaningful investment in the local community. In addition to lifesaving rescue work, KC PAWS will provide accessible services that directly benefit residents. These include expanded outreach and education programs, a community pet food pantry to support families facing financial hardship, and low-cost overnight boarding services.

These services contribute to measurable community impact by reducing pet surrender rates, decreasing the burden on public shelter systems, and helping families keep their pets in their homes. Keeping pets out of the shelter system ultimately reduces taxpayer-funded costs associated with animal control, intake, and long-term care.

Additionally, our presence will bring increased local engagement, volunteer opportunities, and partnerships with nearby businesses and service providers. Our facility will attract visitors, adopters, and clients to the area, contributing to local economic activity while maintaining a responsible and well-managed operation.

Communities across the region are currently facing an unprecedented animal welfare crisis, with shelters at or near capacity and rescues overwhelmed with intake requests. KC PAWS has consistently stepped up to meet this need, and we are prepared to continue doing so in a way that directly benefits the residents of Raytown.

We believe our presence will be a positive and valuable addition to the area—both as a continuation of the property's prior use and as a community-focused organization dedicated to service, education, and responsible animal care.

Thank you for your time and consideration. I would be happy to provide any additional information or answer any questions.

Sincerely,

Michelle Lascon

Re: Letter of Support for Conditional Use Permit – KC PAWS (6204 Arlington Ave, Raytown, MO)

To Whom It May Concern,

I am writing on behalf of Monopoly Acquisitions, LLC to express our full support for the conditional use permit request for KC PAWS at 6204 Arlington Avenue in Raytown.

We believe this is an excellent and appropriate use for the property and one that aligns well with the surrounding area. The previous business at this location operated in a very similar capacity, making this a natural continuation of use without introducing a disruptive change to the neighborhood.

Additionally, the presence of nearby properties, including a horse stable adjacent to the site, further supports the compatibility of this type of operation within the area. The proposed use by KC PAWS fits seamlessly into the existing character of the neighborhood.

Beyond compatibility, this organization provides a meaningful and much-needed service to the community. The City of Raytown, like many communities, faces ongoing challenges related to homeless and displaced animals. KC PAWS can help play an important role in addressing these needs by offering rescue help and boarding services that benefit both the animals and the residents of Raytown.

For these reasons, we strongly support the approval of this conditional use permit. We believe KC PAWS will be a valuable addition to the community and a positive use of the property.

Please feel free to contact me if you have any questions or need additional information.

Sincerely,

Re: Case No: PZ-2026-05

Dear Property Owner/Tenant:

Notice of Neighborhood Meeting and Public Hearings in Your Area

The Raytown Community Development Department is processing a Conditional Use Permit application filed by Jeff Chaney of the Paul Chaney Memorial Foundation on behalf of the current property owner, requesting the approval of a Conditional Use Permit for an “*Animal Care, General,*” facility to be located at 6204 Arlington Ave. with residential dwellings for two (2) staff members located on the second floor. The applicant proposes to operate a facility for animal rescue, boarding, grooming, and dog training. This parcel consists of 0.733 acres of land and is located within the City of Raytown, Missouri. It is identified by Jackson County Parcel ID#: 45-210-08-29-00-0-00-000.

As a nearby owner or tenant, you are entitled to appear and provide comments at any of the public hearings on this matter or to provide written comments.

The applicant will be holding a neighborhood information meeting at Raytown City Hall at 9:00am on Thursday, April 16, 2026, to which you are invited to discuss the application directly with them. City Staff will not be present at this time. If you have any concerns or need more information about the application, we highly recommend that you attend this meeting.

A public hearing to consider this application will be held by the Raytown Planning & Zoning Commission at **6:00 PM on Thursday May 7, 2026**. The full packet and agenda will be available for view on the City of Raytown website on **Friday, May 1, 2026**.

The Raytown Board of Aldermen will also hold a public hearing regarding the above-described application, tentatively scheduled for 7:00 PM on **Tuesday, June 2, 2026**.

All public hearings will take place in the Council Chambers at Raytown City Hall located at 10000 E 59th Street, Raytown, MO 64133.

The public is invited to attend the neighborhood meeting and the public hearings to ask questions and provide comments regarding this application. Additional information regarding this application can be obtained from the Department of Community Development located in Raytown City Hall at 10000 East 59th Street, by phone at (816)737-6059 or by email at shanak@raytown.mo.us.

If you will require any special accommodations (i.e., qualified interpreter, large print reader, hearing assistance) to attend either of these public hearings, please notify the Department of Community Development at Raytown City Hall at (816)737-6014 no later than 48 hours prior to the applicable public hearing date.

4. This property is more suited for the proposed use than its current use(s) because:

The property is currently set up as a dog rescue. It is perfect for our proposed use. The 2 units are already set up for residential use + they have been used that way in the past.

5. The proposed use could have the following detrimental effects on nearby parcels:

6. If the application is denied, the property owner(s) will face the following hardships:

If Paws is not able to use this property as an animal rescue + if we are not able to provide housing to our employees on site we will not be able to purchase the property.

7. Public facilities and utilities are adequate to serve the proposed use as follows:

There will be light vehicle traffic ^{light} + foot traffic. Plenty of yard space for the animals.

8. The proposed development implements the Comprehensive Plan in the following ways:

9. Additional comments:

Having employees living on site will allow for better care of the animals. ~~proposed~~ This will also allow us to have eyes on the property at all times ensure an issue arises.

Request for Board Action

DATE SUBMITTED: 05/19/2026

MEETING DATE: June 2, 2026

SUBMITTED BY:

DEPARTMENT: Parks

Document Type: Ordinance

SUBJECT/REQUEST

R-3811-26: Entering into an agreement with McConnell & Associates for the Terry Copeland Park Phase II Project

BACKGROUND/JUSTIFICATION

This project is funded by the OMNIBUS Community Project Funding grant and is paid 100% by Congressional Federal funds. The project is to construct park features at the 53rd ST park property, Terry Copeland Park. Items to be built are a four-stall restroom with storage, water and electrical controls for the property. An ADA playground that serves multiple age groups and abilities, with an ADA turf surface. Splash Pad water feature that is a drain through system. Shelter house with seating for 100–120 people. Hard scape trail and sidewalks, ADA improvements to the parking area, and landscaping.

After completion of the demo of the 53rd ST park property using LWCF grant funds, and building a dog park as phase I, we have now received bids for phase II of the park renovation project and are ready to award the project.

Phase II of the Terry Copeland Park Project is anticipated to be completed in FY27, and this request is for Board approval of an agreement with the contractor and for project expenditures during FY26 not to exceed the current FY26 budgeted amount of \$1,800,000 for the project.

RECOMMENDED MOTION

approval as submitted

PREVIOUS ACTION

All three bids were graded by GBA engineers and Raytown Parks staff, and then compared. The aggregate scores and ranking are attached. The grant funds are set, and as scoring shows, McConnell & Associates delivered the best final bid based on facilities that will be delivered and on warranty of those facilities.

The Park Board and GBA engineers recommend accepting the bid from McConnell & Associates for the price, and for receiving the top grade among the bidders.

COMMISSION/COMMITTEE REVIEW

A RESOLUTION AUTHORIZING THE CITY ADMINISTRATOR TO ENTER INTO AN AGREEMENT WITH MCCONNELL & ASSOCIATES FOR THE TERRY COPELAND PARK PHASE II PROJECT IN AN AMOUNT NOT TO EXCEED \$1,800,000 FOR FISCAL YEAR 2025-2026

WHEREAS, the City of Raytown (the "City") issued an invitation to bid on its Terry Copeland Park Phase II Project; and

WHEREAS, the Parks & Recreation Department received three (3) bids in response to the invitation and has determined that the bid submitted by McConnell & Associates in the amount of \$1,930,000.00 for the Terry Copeland Park Phase II Project was the most advantageous bid received; and

WHEREAS, the City finds McConnell & Associates meets all of the qualifications as the lowest and best bidder for the project; and

WHEREAS, the fiscal year 2025-2026 budget, approved by the Board of Aldermen in R-3750-25, on October 7th, 2025, includes \$1,800,000 for this OMNIBUS Project; and

WHEREAS, the Board of Aldermen find it is in the best interest of the City to enter into an agreement with McConnell & Associates for project expenditures during fiscal year 2025-2026 not to exceed the current budgeted amount of \$1,800,000.00 in fiscal year 2025-2026 for such purposes;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF RAYTOWN, MISSOURI, AS FOLLOWS:

THAT the Board of Aldermen find it is in the best interest of the City to enter into an agreement with McConnell & Associates attached hereto as Exhibit "A" and incorporated herein, for the Terry Copeland Park Phase II Project, and an amount not to exceed \$1,800,000 for fiscal year 2025-2026, is hereby authorized and approved; and

FURTHER THAT the City Administrator is hereby authorized to execute any and all documents and to take any and all actions necessary to effectuate the terms of the Agreement and exercise the authority granted herein on behalf of the City.

PASSED AND ADOPTED by the Board of Aldermen and **APPROVED** by the Mayor of the City of Raytown, Missouri, the 2nd day of June 2026.
