Request for Board Action

DATE SUBMITTED: 08/21/2023

MEETING DATE: September 5, 2023

SUBMITTED BY:

DEPARTMENT: Administration

Document Type: Resolution

SUBJECT/REQUEST

Approval of appointments to the Raytown Crossing Community Improvement District Board of Directors.

BACKGROUND/JUSTIFICATION

In February 2011, the Board of Aldermen approved the creation of the Raytown Crossing Community Improvement District (CID). The Community Improvement District was created to reimburse Sutherland Lumber Company of Kansas City, LLC redevelopment costs to repurpose an existing big box retail building through the demolition, renovation, and reconstruction of approximately 90,000 square feet, and resurface, restripe and landscape parking area at 6709 Blue Ridge Boulevard for a new Sutherland Lumber store.

Per the approved CID petition, the CID imposes a 1% sales tax on all sales made at Sutherland. According to the budget documents, when the CID sales tax was approved, the sales tax was approved for 30 years from the date the first monies were collected (October 2011).

Sutherland Lumber Company of Kansas City, LLC advanced \$2,088,596 to renovate the 90,000 square footage retail space. The revenues from the CID are being used to reimburse Sutherland for the renovation costs. In reviewing past CID budget documents, the CID generates approximately \$45,000 annually.

Per terms of the approved Petition establishing the CID, the nominees for positions on the CID Board of Directors must be approved by the Board of Aldermen. As such, the action before you requests approval of the following proposed Directors for the assigned terms:

Paul McKnight 02/15/2023-02/15/2026

Marci Swartz 02/15/2023-02/15/2026

Bill Zomes 02/15/2023-02/15/2026

The above nominees meet the qualifications outlined in the CID petition.

RECOMMENDED MOTION

Approve appointments.

PREVIOUS ACTION

The Board of Aldermen approved Ordinance 5391-11, the creation of the Raytown Crossing CID. On August 26, 2022, the Board of Aldermen approved Resolution 3484-22 appointing two Directors for a 3-year term ending in 2025.

Re: 2023 – 2024 Salt Bid Recommendation Letter

Bids were received for the above referenced project on Wednesday, August 9, 2023.

Two (2) bids were received. One is from Independent Salt Company and the other from Central Salt, LLC. This project was bid through the Drexel Technologies online plan-room, in which they contact their contractor base to let them know this is out to bid. City staff also directly emailed four salt companies to make sure they knew we had this out to bid.

The Public Works Dept. has worked with Central Salt, LLC and has done an outstanding job in delivering salt this past year.

The Public Works Department has reviewed the bid submittal and recommends that Central Salt, LLC. be awarded the contract for future purchase of 700 tons of salt at a rate of \$60.95 per ton. This additional 10% will accommodate potential changes on this project. Purchases will not occur until the beginning of the 2023-2024 fiscal year. Purchasing authority will be requested prior to placing the salt order, and is pending the approval of the 2023-2024 budget.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robinson E Camp".

CITY OF RAYTOWN

Request for Board Action

DATE SUBMITTED: 08/30/2023

MEETING DATE: September 5, 2023

SUBMITTED BY:

DEPARTMENT: Finance

Document Type: Ordinance

SUBJECT/REQUEST

Approve the recommended 2023 levy rates for the General Fund and the Parks and Recreation Fund

BACKGROUND/JUSTIFICATION

The City has received its notice of 2023 Assessed Valuation from the County. Finance has recalculated the levy rates using the formula supplied by the State Auditor's Office. These calculations indicate the City could levy a rate of \$0.2500 per \$100.00 assessed valuation for general city operations and a rate of \$0.1247 per \$100.00 assessed valuation for park operations. The 2023 proposed combined rate represents a decrease from the 2022 rate based on higher assessment totals. According to Zillow the median home value for Raytown is approximately \$198,223. The total taxes collected for the City and Parks on the median home would be \$141.12 for each the City of Raytown collections.

The Adjusted Assessed Valuation:

- Real Estate values increased by \$143,210,9945 or 46.55% from last year's amounts for a 2023 value of \$450,795,298.
- Personal property value decreased by \$4,654,361 or 5.20% from last year's amounts for a 2023 value of \$83,865,975.

Based on the assessed valuation and the proposed mill levy, staff is projecting that approximately \$1,336,653 will be generated for the General Fund and approximately \$666,723 will be generated for the Park Fund, which equates to a 11.37% increase for both General Fund and Parks Fund.

In accordance with State law, the City must hold a public hearing on the establishment of the levy rate prior to passage of the ordinance approving the 2023 rates which has been scheduled for September 19, 2023.

CITY OF RAYTOWN

Request for Board Action

DATE SUBMITTED: 07/31/2023

MEETING DATE: September 5, 2023

SUBMITTED BY:

DEPARTMENT: Public Works

Document Type: Resolution Agreement/Contract

SUBJECT/REQUEST

Authorization to approve an agreement with George Butler Associates, Inc. for professional services for the task order & scope of services to move a sanitary sewer line and close a stormwater channel before the 53rd Street Redevelopment Project in the amount of \$137,735 and amend the fiscal year 2022-2023 budget.

BACKGROUND/JUSTIFICATION

In April of 2023, Public Works was conducting sewer inspections near a creek crossing at East 53rd Place near the old water park. During this inspection, it was discovered that there is a crack in the sewer line. Kissick Construction was contacted and videotaped the sewer line. It was discovered that the sewer line was lined in the late 80's or early 90's and the liner is still intact. Due to the thickness of the liner, it will not be long before the liner will degrade or be damaged.

While discussing multiple options to move the sewer line, it was discovered that the Parks Department was designing and building a Dog Park in the parking lot of the old water park. Due to this development, it is important to move this sewer line before construction starts on the Dog Park.

In addition, it was discussed that the open stormwater channel would be better if it was an enclosed system due to the location of the Dog Park.

George Butler Associates, Inc. is already a contracted engineering firm for the City of Raytown. This agreement would allow George Butler Associates, Inc. to survey, design, and help with the bidding process of the sewer and stormwater channel. Available funding is available in the sewer and stormwater accounts.

Alternatives: Option 1: Only survey, design, and construct the sewer line.
 Option 2: Only survey, design, and construct the stormwater system.
 Option 3: Do not do the project.

Project: Creek Crossing Relocation and Stormwater Culvert Design
City Contract No:
City Project No: SSM-2024-##

I. GENERAL

The following paragraphs provide a general description of the Work required of this Scope of Services. Subsequent paragraphs describe in detail the professional services to be provided by ENGINEER to facilitate the construction of new sanitary sewer, abandonment of existing sanitary sewer creek crossing, and construction of a new stormwater culvert in Raytown, Missouri.

- A. The Project. The Public Works Department of the City of Raytown (CITY), Missouri, intends to remove and relocate an existing sanitary sewer creek crossing and enclose an existing open stormwater ditch in a culvert, which are located in Raytown, Missouri. As such, the CITY is contracting with ENGINEER to provide the necessary professional services.
- B. Background Information. The CITY is undertaking this Project to reduce the risk of the sanitary creek crossing collapsing or being broken during a heavy storm event. Additionally, they would like to enclose the open stormwater ditch in order to provide a more uniform ground on which a future dog park will be constructed and to reduce the maintenance that has had to be performed on the open ditch. The sanitary portion will involve the construction of approximately 500 LF of new sanitary sewer, abandonment of 660 LF of existing sanitary sewer including the existing stream crossing. The stormwater portion will include the construction of approximately 390 LF of reinforced concrete box culvert and the potential rehabilitation of two existing culverts.
- C. Follow-On Phases. At the discretion of the CITY, the ENGINEER may be requested to provide construction phase services for the project, but this would be considered Additional Services and a fee would be negotiated at that time.
- D. General Description of Activities. The Basic Scope of Services to be performed by ENGINEER consists of professional services for the development and implementation of construction plans for the sanitary and stormwater work in the project area. This Scope of Services includes review of existing infrastructure to determine if additional rehabilitation or replacement of connected assets is needed. The Work consists of the following professional services:
 - 1. Field Data Evaluation and Rehabilitation Recommendations

2. Development of Recommendations for Sewer System Rehabilitation
 3. Development of Construction Contract Documents
- E. Task Series Listing. The Basic Scope of Services is organized under the following Task Series:

 4. Task Series 400 - Sanitary Sewer Relocation Design
 5. Task Series 500 - Storm Sewer Design
 6. Task Series 600 - Bid Phase Services
- F. Explicit Responsibilities. The Basic Scope of Services explicitly sets forth what ENGINEER shall perform and does not implicitly put any additional responsibilities or duties upon ENGINEER. The ENGINEER agrees to provide the specific Basic Services as identified herein. Work not specifically discussed herein shall not be performed without an amendment or shall be provided as Optional Services upon written authorization from the CITY.
- G. Capital or Annual Cost Opinions. Since ENGINEER has no control over the cost of labor, materials, or equipment furnished by others not under contract to ENGINEER, ENGINEER's opinion of probable cost for construction of the Work shall be made on the basis of experience and qualifications as an ENGINEER. ENGINEER does not guarantee that proposals, bids, or actual project cost will not vary from ENGINEER's opinions of probable construction cost. The cost opinions' level of accuracy presented by ENGINEER shall be as noted for in subsequent paragraphs of this Scope of Services.

II. PROJECT MILESTONES AND CITY REVIEW REQUIREMENTS

- A. ENGINEER shall complete the services in this scope within 180 calendar days following Notice to Proceed (NTP). ENGINEER's completion schedule will be extended by the CITY for delays beyond the reasonable control of the ENGINEER as approved by the CITY.

CITY OF RAYTOWN Request for Board Action

DATE SUBMITTED: 08/23/2023

MEETING DATE: September 5, 2023

SUBMITTED BY:

DEPARTMENT: Public Works

Document Type: Resolution Purchase

SUBJECT/REQUEST

Approve the purchase of a 2021 Ford Explorer for Public Works in an amount not to exceed \$34,436.00

BACKGROUND/JUSTIFICATION

Analysis: Historically, the city has utilized a government cooperative purchasing agreement to procure vehicles from a governmental division of local dealerships. Due to recent challenges with supply and demand in the vehicle market, the purchasing periods have been shortened and have already concluded for this fiscal year. The Public Works Department urgently requires an additional vehicle to adequately serve their full staff. Given the prevailing circumstances, it is necessary for staff to purchase retail from a dealership.

This expenditure was budgeted in the 2022-23 budget and approved by the STOC on November 9, 2022, with a budget of \$35,000. This allocation covers the vehicle itself, as well as enhancements such as lights and the city logo decal, of which, the items are already available in our inventory incurring no extra expense.

Our Fleet Supervisor has reached out to six local dealerships where we received a comprehensive quote from two dealerships. The other quotes were sourced from the respective dealerships' websites. Below is a summary of the three quotes received for vehicles with the same make, similar year, and mileage:

Vendor	Vehicle	Cost
Bob Sight Ford	2021 Ford Explorer	\$34,550
Greenway Ford	2020 Ford Explorer	\$34,500*
McCarthy Auto Group	2020 Ford Explorer	\$34,436

*Does not include administrative and other fees

Due to the rapidly changing nature of the vehicle market, dealerships typically do not reserve vehicles for extended periods, making it uncertain whether these specific vehicles will remain available by the time this proposal is considered.

As outlined in Section 6.1 of the City's purchasing policy, emergency purchases are permissible when departmental operations would be hampered. The absence of an additional vehicle for staff needs, including field and site visits, inter-departmental travel, meetings, and training sessions, is straining our workforce. After discussion with the City Administrator, Public Works Director and Finance Director, and based on the aforementioned factors, it was decided that the purchase of a 2021 Ford Explorer from a local responsive retailer, was the best option for the City and the Public Works Department and the vehicle was purchased from McCarthy Auto Group.

Conclusion: Given the urgency of the situation, the fluctuating vehicle market conditions, and the Public Works Department's essential role in the city's operations, the purchase of an additional vehicle is imperative and was made under 6.1 of the City's purchasing policy.

Re: Emergency vehicle purchase for Public Works

In the past, the city has utilized a government cooperative purchasing agreement to procure vehicles through a local dealerships' governmental division. Due to recent challenges in the vehicle supply and demand landscape, the allotted purchasing periods have been shortened and have already concluded for this year. The immediate requirement arises from the public works department, as they require a vehicle capable of accommodating their entire staff. Given the circumstances, an emergency acquisition from a retail dealership is necessary.

As outlined in Section 6.1 of our guidelines, emergency purchases are permissible when departmental operations would be hampered. The absence of an additional vehicle for staff needs, including field visits, inter-departmental travel, meetings, and training sessions, is straining our workforce. This expenditure was budgeted in the 2022-23 budget and approved by the STOC on November 9, 2022, with a budget of \$35,000. This allocation covers the vehicle itself, as well as enhancements such as lights and the city logo decal, items already available in our inventory incurring no extra expense.

Outlined below are summarized quotations from three local dealerships:

Vendor	Vehicle	Cost
Bob Sight Ford	2021 Ford Explorer	\$34,550
Greenway Ford	2021 Ford Explorer	\$34,500*
McCarthy Jeep Ram	2021 Ford Explorer	\$34,436

*Does not include administrative and other fees

Given the swift pace at which vehicles are being acquired, dealerships are generally unable to reserve them. In our pursuit, our Fleet Manager has contacted six dealerships; however, only Bob Sight Ford and McCarthy Jeep Ram have responded, and McCarthy Jeep Ram has agreed to reserve the required vehicle for two days while we get finances in order.

I strongly recommend the approval of the purchase of the 2021 Ford Explorer and the issuance of a check to McCarthy Auto Group in the sum of \$34,436. I have personally verified with the staff that this vehicle aligns with the department's needs. Kindly address any inquiries or concerns you might have regarding this recommendation. Your prompt attention to this matter is greatly appreciated.

Sincerely,
